Happy New Year

Matt(TJ's) gets hot and sweet with Amandine(Jump)

Silkie tips the velvet at the Bon

More fun and games at the Bon Sejour from our favourite cock hungry chalet girl. Not satisfied with her current reputation **Silkie(Mark warner)** has been up to her old tricks again. This time it involves her inebriated roommate **Kat**. Cutting through the alcoholic haze **Kat** crashed on, what she thought was, her bed for the night. A little later Silkie returned to find "someone's sleeping in my bed". Thinking it was her local randy man **Ali** she pulled back the blankets and attempted to go down for a closer inspection only to discover a rather startled and rather straight **Kat**. After the initial shock apparently Silkie then enquired again as to the feasibility or her altering her orientation for the night only to be rebuffed for the second time. I guess some girls just don't want to have fun.

A note from the editor

One of the most eagerly awaited pieces of information (apart from Silkie's latest conquest) to cross my desk was the planned re-opening of L'Equipe. Apparently, and anyone looking at its current state might disagree, the bar will be open by Monday night for New Years. Apart from selling pizzas, news about its décor and pricing is sketchy.

Anyone looking for an alternative location to celebrate could do a lot worse that savour a cocktail or 2 at the **ISBA** bar. Open from 10 til 2.

So I guess it's just left to me to wish you a Happy New Year and if anyone is wearing beer goggles (or should that be whiskey telescopes) and feeling a little amorous in Kalico I will be more than happy to reciprocate. (girls only)

THE SURGEON GENERAL WARNS

Doing ski seasons can be highly addictive, can seriously damage your sanity, result in a general lack of sleep, makes your arse bigger, increase the chances of getting a blow job in the skidoo hut outside Kalico and waking up next to a complete stranger.

Greg gives co-workers a wet dream

Once again it's the hard working boys at ski higher that provide the joviality of the week. **Gregory(Ski Higher)** who is better known for his pink snowboarding pants decided a colour change was in order this season. Apparently this season yellow is the new pink and nothing as retro as 80's fluorescent yellow but the more mature piss yellow. For those of you new to my writing I am about to (without taking the piss) spend the next page making a variety of incontinence jokes at Gregg's expense. You see this young snowboarder is currently having a problem with the loss of voluntary control over his urinary sphincters.

After a very heavy night Kalico with one or two more beers than normal young Gregg started to come around on the sofa bed mattress of his co-workers apartment. What woke him wasn't the dawn chorus of the reversing snowplough instead it was the all too familiar warm wet feeling that was welling up in his pants and making it's way down his left trouser leg.

Now normally (for "normally" read "soberly") this would instigate a quick trip to the nearest loo so as to minimize the collateral damage. In Greg's inebriated comatose case his aim was slightly off.

Now I not talking about maybe getting a splash on the loo seat and some of the surrounding tiles wet. If Greg had been playing darts it would have been the equivalent of aiming for the bulls eye and hitting the barman in the forehead at the back auditorium. Greg waltzed past the bathroom and into his co-workers bed room and started to relieve himself all over **Tom's(Ski Higher)** clothing. After finishing up and shaking out the remains he made his swift exit out the window and over the balcony.

But here's the masterstroke, as the odour started to percolate the apartment making it smell like a multi-story stairwell it was left down to Greg to "let himself in" through the front door and pretend he had nothing to do with the mildly moist surroundings.

But it doesn't stop there, word is that Greg has left a trail of dampness were ever he has passed out around town these past weeks. **Harriet's(Jump)** mattress is just one of the many now sporting a nice yellow patch. So girls if this doesn't put you off, and if it doesn't then nothing will, make sure you either fit some rubber sheets or start putting the laundrette on short dial.

JAMES says*

"If you must to go monoboardng you have to wear an 80's fluorescent one-piece. It's the law."

WHY? Because he's a BASI ski instructor and he has the id card to prove it.

Version Originals (VOST)

Courchevel has two very good little cinemas. The Tremplin 1850, below the Tremplin restaurant in the Croisette and The Villard, based down in Courchevel 1650.

Below are the English films on at the cinema this week.

Tremplin, Courchevel 1850

Sat 5th 9pm - I am Legend

Starring: Will Smith, Alice Braga, dash mihok, Charlie Tahan, Salli Richardson

Plot:

It's been three years since a killer virus struck Manhattan. Those who aren't dead have mutated into vampire-like beasts. All except Robert Neville (Smith), a military scientist desperately looking for a cure.

Verdict:

While the sun shines, it's a four-star thriller with a superb turn from Smith. When the moon rises, it's a two-star horror cartoon with some of the worst FX we've seen all year. So, really, it has to average out at... ★★★

Villard, Courchevel 1650

Fri 4th 9pm - I am Legend

Starring: Will Smith, Alice Braga, dash mihok, Charlie Tahan, Salli Richardson

★★★

Quotes so good they require an explanation

Are we done yet?

Here's a cautionary tale for anyone living in staff accommodation with someone like **Jimbo**. **James(Jump)** passed out in the corridor and, instead of being helped up by **Jimbo**, proceeded to be undressed and abused with a variety of food stuffs. Anyone experienced in the insertion of foreign objects will know a good smattering of butter is essential for lubrication (*apparently*). By the time Jimbo had finished James was more greased up than a cross channel swimmer.

Who stuck a swede up my arse?

Anyone who thinks I'm talking about the Scandinavian barman in the Isba. Shame on you! I'm actually talking about the bulbous rutabaga vegetable which (*apparently*) is very popular for defiling unconscious co-workers.
