

# The Courchevel Enquirer

The G Team prove that some people have more spare time (about 8 hours) on their hands than others. and yes the guy in the middle thought it was a yoga party. BRILLIANT! Willy, Paul and G.

## A note from the editor

Without commenting on the recent cold (Baltic) spell at least it's keeping the snow dry, soft and amazing (thank you Mr Petty) it's just a shame that you lose the feeling in all your outer extremities after your first run down the biollay.

If you are lucky enough not to be working in Tuesday night around 8pm I highly recommend going to the Ballon Ballai at the ice rink in 1850. Think ice hockey with no sharp objects. Normal shoes, a broom and a kids football. If you want to take part you need a team of 5 with at least 2 women. It's free to register at the tourist office.

On Wednesday the very talented ASkillz will be playing in the Milk bar. Tickets are 5 euros in advance or 10 on the door. Not knowing one end of breakbeat from the other I can only say the tracks I have heard are pretty good, so hearing him live should be good.

Finally Seasonnaire hoody forms need to be returned to me this week. If you haven't received one / lost it / been abducted by aliens / slept with Marissa and would like another get in touch ASAP.

### THE SURGEON GENERAL WARNS

Doing ski seasons can be highly addictive, can seriously damage your sanity, result in a general lack of sleep, makes your arse bigger, increase the chances of getting a blow job in the skidoo hut outside Kudeta and waking up next to a complete stranger.

## Injury of the week

Will all the white men who can't jump put your hand in the air.

Hands up everyone who tries to keep up with the big boys while out snowboarding. Thank you **Jeremy (Refuge)** you can put your hand down now. While out with some much better boarders (almost everyone) he tried to do something he couldn't even do if he was dreaming while watching a snowboarding video. The resulting injury to the ligaments in his knee means Jeremy won't be boarding anytime soon

Local mechanic and Panda afficiando Petit Pierre highlights some of the motors circling Courchevel. As Courchevel is a magnet for people with "look at me" cars. This McLaren MP4-12C was seen near the tourist office. I can only imagine it's a demonstrator from Monaco due to the awful decal above the wind-screen and below the wing mirror. If it's not a loaner it proves that all the money in the world can't buy you style. The driver might as well have written Dwan and Tracy above the screen....

What really annoys  
Jimbo/Aaron  
?

Aaron tag teams Jimbo with a joint criticism. This week....

### JEREMY!

The French lothario barman from the Refuge has gone from shagging all the girls and snowboarding like a god (obviously a god who doesn't know anything about snow or boarding) to moving like an escargot and presumably shagging like one too.

and Aaron agrees completely.

## Blonde moment of the week

“Can I have half an aperitif?”

guest

“What? How do I do that??”

Cece (Ski Total)

“You fill a glass half full...”

Oily

## More injuries

Rory (Scott Dunn 2011) who was brought into resort to cover for a Scott Dunner who had broken his wrist last week. On the day before he was meant to leave he managed to crash, not only breaking his collar bone but also injuring co-worker Ashley who compressed a vertebrae.

clumsy”

A rather drunk Camile tries to explain her erratic movements

## Quote of the week

“Can you tug me off?”

Monica (milk) asks for some help with her toga

## Raab gets Marrisæed

After stating at the beginning of the season that he would never go there.... He went there! Becoming the latest in a long list of people (Byron, Remi) who have woken up under **Marrisa** without any recollection of how they got there.

One explanation is that Marissa is using up her stock of rohypnol...

## Byron smashes the Pow

With all the recent fresh snow fall reports that **Byron (bubble)** has been enjoying the bounteous amounts of white powder. Earlier this week he spent all day/night riding a Cloud (ia) of the stuff. Whether the ample colours, the well groomed areas or plentiful bumps no slope was left un molested.

## I WANT YOU!

to dish the dirt

The Courchevel Enquirer comes out every Saturday. I look forward to hearing from you.

**Confidentiality assured! honestly!!**

One of the major criticisms, One of the MANY major criticisms I get about this paper is that of all the Courchevel villages it only covers 1850 and sometimes 1650. The explanation for this is simple. I live in and drink around the bars of 1850 and so I hear what goes on in 1850. That's were you come in. If you have any stories, gossip, photos, suggestions etc. I want to hear from you.

I am usually in one of the 1850 bars every evening. Alternatively for those of you who are more technically minded you can email be directly on [info@courchevelenquirer.com](mailto:info@courchevelenquirer.com)
