## MAGIC MUSHROOMS WIN

(no real f\*\*king surprise there)

### A note from the editor

Ok let me start by saying this. I could go through every match, breaking down the best players and greatest goals but instead let me just summarise. Ski Higher 1 lost on penalties to some Fancy dressed French team. New Gen 1 beat Ski Higher 2. G's Defenders of Awesome! beat Lauren's female panthers. (inc Sammy G) Magic Mushrooms beat Team Welsa (surprisingly named because both Will and Elsa were absent) followed by New Gen 1 and New Gen 2 "The gappies" (sounds like a dodgy straight to dvd film sequel) in the semis. In the second half of the draw the Dream Team who had co-opted Ski Physio Hannah thanks to her distinct lack of a Y chromosome despatched all comers including Scott Dunn and the Mark Warner girls didn't even make it on the ice.

So the Magic Mushrooms won (yet again), The Dream team finished second and the New Gen Gappies finished a respectable third.

### THE SURGEON GENERAL WARNS

Doing ski seasons can be highly addictive, can seriously damage your sanity, result in a general lack of sleep, makes your arse bigger, increase the chances of getting a blow job in the skidoo hut outside Kudeta and waking up next to a complete stranger.

## ~~Injury~~ **Dumbass of the week**

this week 100% free of humourless Frenchmen

A classic example of the dangers of excessive masturbating....*you should see the state of his junk.* NO seriously after spending a night dressed up like a white lion for the bubble's charity theme night **Byron** decided to punch a wall. In a classic case of the irresistible force meeting

the immovable object this 1650 dumbass dislocated 2 parts of his hand and fractured his finger. Unless he's a lefty It looks like Marissa might be needed to give him a hand.(job)

### **Injury of the week**

Surprisingly not caused from the 3VR or Ballon Ballai. Sara(Scott Dunn) shows off her nose wound.

### **Hand tossed, meat feast or stuffed crust?**

Most people know that the Refuge is quite friendly to customers who want to bring in a take-away pizza while they have a drink. **Tamsin(MW)** took this a step further when she apparently had herself a slice of pizza boy with extra thick sausage down in the toilets.

In America, probably the most litigious country in the world, mention the word “ski patrol” and images of nazi like piste based traffic police come to mind. I would like to say that in America this term also covers a variety of job titles, like the security de piste over here in Europe. Anyway they are best known for guarding the slopes from out of control

skiers/boarder who can cause impending damage to others. They give warning to people and confiscate lift passes is appropriate.

Well guess what they are probably coming to France. The S3V who look after the 3 valleys, are bowing to pressure from holiday makers who feel that they are not safe on the slopes because of the threat from others. In my opinion they should really stay in the chalet and read their Daily Mails. They are trialling a team of a people known as the “security patrol” in Meribel who will be encouraging out of control skiers/boarders to slow down on busy pistes. Offenders could even be fined or taken to court.

New Generation gap year students better than proper NewGen staff and instructors? Which ones finished 3rd overall?

The Courchevel Enquirer comes out every Saturday. I look forward to hearing from you.

**Confidentiality assured! honestly!!**

One of the major criticisms, One of the MANY major criticisms I get about this paper is that of all the Courchevel villages it only covers 1850 and sometimes 1650. The explanation for this is simple. I live in and drink around the bars of 1850 and so I hear what goes on in 1850. That's were you come in. If you have any stories, gossip, photos, suggestions etc. I want to hear from you.

I am usually in one of the 1850 bars every evening. Alternatively for those of you who are more technically minded you can email be directly on [info@courchevelenquirer.com](mailto:info@courchevelenquirer.com)
