

The Courchevel Enquirer

Someone didn't lock the local asylum....

A note from the editor

Normally I would be making a WTF statement about something mountain based. This week its slightly different. This week we are going to look at the international currency markets. Too serious? scroll down to the soundbite. Unless you were actively looking you probably missed all the crazy shit that's been going on with currencies around the world. The Ruble took a proverbial dive into Putins toilet losing at least 30% of its value. On Thursday the Swiss just decided to end their currency's cap against the euro and the franc rose 30% making everything Switzerland exports so much more expensive. Instead of 1.2 francs for every euro its now reached virtual parity. The Euro has weakened against the British pound and is now worth 1.3 euros compared to 1.1 a few years ago. The upside is this of course makes beer and other boring things like lift passes cheaper to holiday maker (or anyone paid in pounds). For example a 5 euro beer used to cost £4.50, now a positive bargain at £3.80.

“We didn't realise it was fancy dress”

(Ski Total)...it wasn't it was just a bunch of ex sesaonnaires dressed in animal onsies

But enough with all the financial times BS more important things happened and are happening in resort. After last weeks incredibly amusing human curling which saw a good showing from Ski

ASK THE SNOW BEAR and watch as this smooth brownie overflow with knowledge

As we still mourn the absence of last seasons snow cougar it's out the with provocative pussy and in with 2 tonnes of unqualified furry advice

Dear snow bear,

I have a bit of a dilemma .. Two nights ago after my dinner shift at my chalet i strolled home tired and smelling of soup and customer ! .. I arrived at the shared apartment i live in with 2 boys and a girl .. I opened the front door and walked in. On the couch was one of the boys who was asleep ... At a closer look his laptop was on Facebook at an even closer look it was on my page not only on my page but on a picture of me on my gap year on a beach ... also there was tissues scattered around him !!!!!!! I left him asleep and went to my room !!!
So snow bear are you thinking the same as me ?? Do I confront him ?? Do I just leave it ??

I don't know what do ?
Please help

Dear facebook,

This could be completely innocent .. He got back from work early with man flu hence the tissues and he might have been interested in your life and wanted more in common with you ... Ok ok who am i kidding we all know whats going on .. He's had a few at après got back a proceeded to rub one out !
Now this is a delicate subject ... I would do this ... Reenact the whole scene ... you lay on the couch with his profile open ... Pretend to be asleep with a massive cucumber in your hand .. Then when he walks in it will even it up .. I guarantee you will be laughing about this for the rest of the season !!

The boys and girls in blue. Inghams and Ski Total

Total and Inghams were slightly overshadowed by a group of fancy dressed (even though the event wasn't fancy dress) who went on to the final. The first Seasonnaire Ballon Ballai of 2015 is happening on Tuesday at 8.30pm. I am calling out every ski company Scott Dunn, Supertravel, Powder White, Inghams, Ski Total, Le Ski, New Gen, Whitestorm and anyone else I forgot, to send any off duty staff to compete. Any absentees will be noted! You need 5 people to a team of which 2 need to be of the female persuasion. Fancy dress is optional but should be advised. It is an amazing free event organized by the Courchevel Tourist office and well worth taking part. And then afterwards you can go down to the Bubble bar for some 90's cheese by DJ Aaron.

Balon Ballai de Saisonnaires (Broomball) 20/1/2015

What you need to know. It consists of teams of 5 saisonnaires, of which two need to be female, playing a version of icehockey with no sharp objects. You play the width of the rink, use a broom instead of a stick, a kids football instead of a puck and normal shoes instead of ice skates. Try and wear something with grip, the rink surface is left rough but its still ice! Wear something warm as there is alot of standing around waiting for your match. Each of the matches is only 3-5 minutes and yes, you will work up a sweat! The competition takes place on the 20th, a Tuesday at 8.30pm till about 11pm at the icerink in 1850 so not every saisonnaire is able to take part, but those who are free should REALLY go to the tourist office and sign your team up. I know that past rivalrys between New Generation, Scott Dunn, Supertravel and the (local favourites) Magic Mushrooms have made for very enjoyable viewing. See you there.

THE SURGEON GENERAL WARNS

Doing ski seasons can be highly addictive, can seriously damage your sanity, result in a general lack of sleep, makes your arse bigger, increase the chances of getting a blow job in the skidoo hut outside Kudeta and waking up next to a complete stranger.

All stories contained within are purely fictional and shouldn't be taken seriously.

Anyone found taking anything too seriously should be held down, given alcohol and violated with the handle of a ski pole.
